## We need your support

### CAPITAL FUND

Purpose: To help build necessary structures for programs and safely lodging our disabled Veterans.

### OPERATING FUND

Purpose: There is no cost for disabled veteran guests of Camp Patriot. It is only by the financial support of generous donors that Camp Patriot is able to provide these brave service men and women the love and thanks they deserve. Your donations to the Operating Fund help us cover the cost of travel, food, lodging and activities.

## About Camp Patriot

Camp Patriot is a 501c3 non-profit Corporation with a mission to empower and thank wounded and disabled military veterans of all generations through our outdoor programs.

The task is monumental, today, there are over 2.3 million wounded and disabled military veterans in the United States. We thank our veterans by empowering them with the right relationships and assistance so that they can once again enjoy the great outdoors.

Camp Patriot is funded solely by "A Grateful Nation", individuals, families and corporations. We are responsible stewards of your investment as up to 90% of all donations go directly into our veterans programs. For additional information see our most recent financials. Your financial support is greatly appreciated!

*"For Ryan Job, blind from wounds received in combat in Iraq, his successful summit of Mt. Rainier with Camp Patriot was a powerful demonstration that even without his sight he can surmount any challenge and continue an active life of outdoor adventure."*

## Camp Patriot Veteran Retreat Ranch

In October of 2014, the Camp Patriot Veteran Retreat Ranch was established. Located in Northwest Montana this first of a kind 90+ acre facility is a **"living monument"** to wounded and disabled veterans of all generations. The ranch allows us to offer a host of truly unique outdoor recreational therapy programs.

### The Right Relationships:

The right relationships in life help to restore hope and create community. To this end, Camp Patriot believes that the most critical step in empowering veterans is to first establish **a trusted relationship**. We offer a trusted relationship to each of our veteran guests so that we may become a conduit to additional resources including; education, employment, and healthcare options.

## Camp Patriot Programming

Camp Patriot will offer a number of different programs specially designed to challenge our veteran guests to focus on their unique abilities. Our guests are offered professional instruction and support so that they may quickly adapt and overcome every challenge.
